PROFESSIONAL SUMMARY

Senior .NET Developer with 10+ years of experience designing, developing, and deploying scalable enterprise applications using .NET Core, ASP.NET MVC, Razor ,C#, and SQL Server. Proven expertise in building SaaS platforms, financial systems, healthcare applications, and data-driven solutions. Strong experience in CI/CD, Azure, DevOps, and cloud deployments, with a track record of delivering high-performance, secure, and maintainable software solutions.

SKILLS

Backend & Frameworks: .NET Core , ASP.NET MVC, Razor ,C#, Web API, Entity Framework, Linq

Databases: SQL Server, MySQL, PostgreSQL, SQLite

Frontend: HTML, CSS, JavaScript, jQuery, Telerik Kendo UI, React JS

Cloud & DevOps: Azure, IIS, GitHub, GitHub Actions, GitHub Copilot AI, Azure DevOps, CI/CD Pipelines

Architecture & Practices: SOLID, Design Patterns, SDLC

Tools & Platforms: Visual Studio, SSMS, Windows Applications

PROFESSIONAL EXPERIENCE

10+ Years of Experience in Software Development

(Wiaan Business Corporation) as WBC Software Lab | Karaikudi, India | April-2024 To January-2026

Senior .NET Developer

Responsibilities:

Designed and developed scalable web applications using ASP.NET MVC and .NET Core.

Built RESTful APIs and integrated third-party systems.

Implemented CI/CD pipelines using GitHub Actions and Azure DevOps.

Optimized database performance with complex SQL queries and stored procedures.

Deployed applications on IIS and Azure cloud environments.

Collaborated with cross-functional teams to deliver enterprise-grade solutions.

Tata Consultancy Services (TCS) | Chennai, India | May-2023 To March-2024

Senior Software Engineer

Responsibilities:

Developed enterprise applications using C#, SQL Server, Windows Application.

Implemented business logic and UI modules.

Supported production issues and performance tuning.

Participated in requirement analysis, design, and deployment.

(Wiaan Business Corporation) as WBC Software Lab | Karaikudi, India | July-2015 To March-2023

Senior Software Developer

Responsibilities:

Designed and developed scalable web applications using ASP.NET MVC and ASP.NET

Developed and maintained Windows Applications for internal business operations

Built RESTful APIs and integrated third-party systems

Developed backend modules using C# and ADO.NET

Designed and optimized SQL Server databases, stored procedures, and queries

Implemented client-side functionality using JavaScript, jQuery, and AJAX

Participated in requirement analysis, system design, and deployment

Provided production support and performance optimization

Key Responsibilities

- Designed and developed scalable web applications using ASP.NET MVC and .NET Core.
- Built RESTful APIs and integrated third-party systems (data sources).
- Implemented CI/CD pipelines using GitHub Actions and Azure DevOps.
- Optimized database performance and designed complex SQL queries and stored procedures.
- Deployed applications on IIS and Azure cloud environments.
- Collaborated with cross-functional teams to deliver enterprise-grade solutions.
- Strong problem-solving and analytical skills.
- Experience in project planning, estimation, and team collaboration.
- Quick learner with adaptability to new technologies.

MAJOR PROJECTS

TIMS, Tank Information Management System (Gas Industry)

Company: (Wiaan Business Corporation) as WBC Software Lab

Technology: ASP.NET, C#, MySQL

Developed a system to manage gas supply, imports, exports, and ISO tank operations. - Implemented sales & purchase order processing, inventory management, dashboards, multi-currency support, and reporting modules. - Improved operational visibility and decision-making through real-time dashboards. decision-

making through real-time dashboards. Multicurrency and reporting modules.

Medplus, Medical Lab Automation System

Company: (Wiaan Business Corporation) as WBC Software Lab

Technology: ASP.NET MVC5, Razor ,C#, SQL Server, React JS

Built an automated laboratory management system integrated with EHR platforms. - Implemented patient records, test workflows, and reporting modules.

Cronica, Chronic Care Management SaaS Platform

Company: (Wiaan Business Corporation) as WBC Software Lab

Technology: ASP.NET MVC5, Razor ,C#, SQL Server

Developed a SaaS-based healthcare platform for hospitals and private practices. - Integrated with major EHR providers and implemented marketplace features.

Primex, Clinical Lab Information System

Company: (Wiaan Business Corporation) as WBC Software Lab

Technology: .NET, SQL Server

Designed modules for hospital, patient, doctor, lab test orders, ICD-based reports, and analytics.

RakkimHeath, Remote Medical Testing Platform

Company: (Wiaan Business Corporation) as WBC Software Lab

Technology: .NET Core, MVC, Razor, SQL Server, GitHub Copilot AI ,Azuer,DevOps, CI/CD Pipelines

Developed a platform for home-based medical testing (Blood Test, ECG, Sugar, etc.). - Integrated IoT medical devices and data processing modules.

Lloyds banking group, BECK Application (UK)

Company: Tata Consultancy Services (TCS)

Technology: C#, SQL Server, Windows Application

Built a data integration solution for liquidity reporting to UK regulators. - Developed data loading pipelines from upstream systems for treasury operations. - Supported regulatory compliance and stress-testing requirements.

EZeeConfig, Master data management migration

Company: (Wiaan Business Corporation) as WBC Software Lab

Technology: MSSQL, SQLite.NET MVC, Razor, Windows .Net Core , React JS, Telerik Kendo Controls, Azure, GitHub Copilot AI, DevOps, CI/CD Pipelines

The project delivers a high-quality data migration and modernization program to take advantage of database in-memory processing features, additional governance, and data quality capabilities that help to build an

effective digital strategy.

Our solution enables disparate master data elements to be profiled, cleansed, rationalized, and enriched to create a golden master data to power IT applications for enhanced business productivity

Applied rule engine for cleaning MDM data

Created a “Golden Master” dataset to improve data quality and business productivity

EDUCATION

BE, M.I.E.T College — Anna University

Jun 2011 - Apr 2014

Under Graduate (CSE), M.I.E.T Engineering College, Trichy - Affiliated to Anna University, Trichy.

Diploma, Chenduran Polytechnic College — State Board of Technical Education

Jun 2008 - Apr 2011

Undergraduate (CSE), Chenduran Polytechnic College, Pudukottai - Affiliated to State Board of Technical, Pudukottai.

LANGUAGES

English, Tamil
